Over 100,000 views in our first year and here's what Armonk residents are writing us about AllAboutArmonk.com, a community Web site:

---Your coverage of the 2009 election was excellent. The web site was an invaluable source of information about the issues and the position of each of the candidates on those issues. I especially appreciated the individual interviews with the candidates. This information was not available from any other source. You provided a very important service to the citizens of North Castle in one of the most interesting elections I have seen in almost forty years. Your enthusiasm for your work yields an outstanding result.

--- Thank you for unbiased approach to the website; it is both refreshing and significant. By my using the term "significant" I am referring to the fact that we in North Castle now have (thanks to you) a resource that can convey viewpoints and ideas that does not "skew the facts". I think that by presenting the "facts" as "facts" and presenting the issues in an objective forum, you have given our community a valuable resource.

---Just wanted to let you know that I love you site! I've been telling everyone about it! Great job.
